

FROM GOOD HOMES

SUN AND RAIN

(Music: From Good Homes; Lyrics: Todd Sheaffer)

Don't need a rainbow to know it's been raining
Don't need a road map to know we're lost
I wouldn't blame you to see we're changing
Don't need a counting to see the cost

I'll be with you baby through the sunshine
I'll be with you baby through the rain

Don't need a program to hear the music
Don't need a program to know the play
Don't need a postcard to know the past is gone

I'll be with you baby through the sunshine
I'll be with you baby through the rain

And after all these changes have come and gone
I will let the reasons roll along
I will always be here, there's no hurry

Don't need a sermon to know there's shame here
Don't need a service to see the cross
Don't need a flame, love, to feel you burning
Don't need a welcome to know I'm home

I'll be with you baby through the sunshine
I'll be with you baby through the rain

I'll be with you baby through the sunshine
I'll be with you baby through the rain
