Thanks to:

Paul Kuzik for the rehearsal space - a place where these new songs could begin. Tom Askin, Joe Webster and all at our “home away from home,” Ponderosa Studios. Rich Schaefer, Richard Long and Bob Curtis – one hell of a team! Marty Rifkin, John Ginty, and Robert White Mountain who added the perfect musical touches. Wyatt Sheaffer for singing with his dad! A special thanks for the herculean effort made by Dan Myers to log, organize, record, mix, master and live and breath this album for over a year. Thanks, Dan-O - beautiful job! Dave Caron for the lovely artwork, Vic Guadagno for rolling tape and David P. Tracer for the perfectly captured Newton Theatre annual bow photo. And to all the Charlie Hogan's out there who have supported this “reunion tour” that started in 2009 and is still rollin' strong. So wonderful to have you singin', dancin' and spinnin' 'round the reel with us one more time! These are for you.
