## THE DAY IS ALIVE

(Music Todd Sheaffer, Brady Rymer/Lyrics: Todd Sheaffer)

the day is alive  
the waters and mountains  
are breathing  
the day has survived  
the madness and fires  
and beatings

the sun through my window  
says open your eyes again  
the day is alive  
the mouths needing  
feeding are crying  
the day has survived  
the passing of dark  
on black horses

the sun through my window  
says open your eyes again

the day is alive  
soldiers down dust road are walking  
the day has survived  
and no one has courage for talking

the sun through my window  
says open your eyes again  
the sun through my window  
says open your eyes again
